Because today's designers are constantly desirous for the perfect mannequins to add some life and luxury to their unique creations, Giscardo Mannequins decided to open its doors in 1999. The reason is very simple: we are passionate about creativity, luxury, fashion and innovation, and we strive to make them come alive. That's where our sophisticated tailor and display mannequins come in. Our forward-thinking team understands the desires of every modern retailer and fashion designer, and we work relentlessly towards reaching customer satisfaction. From inception to completion, drawing to delivery, we oversee every single step of the development process with the eye of an artist and the hand of a craftsman. Thanks to our diversified portfolio and strong dynamism, Giscardo Group is an active exhibitor at Euroshop, the Global Retail Trade Fair, in Düsseldorf, Germany, and across the years, we have been able to position ourselves as a leading company in the Middle East, serving clients all over the region. We have worked with the world's best haute-couture names, such as Elie Saab, Basil Soda, Georges Chakra, Zuhair Murad and Georges Hobek; international boutiques and department stores like Lafayette, Harvey Nichols, Punto Roma and ABC Mall as well as trendy restaurants such as Hard Rock Café. Besides mannequins, we also offer a wide collection of hangers, garment bags and various clothing accessories.
